

Help Us Highlight Our Diverse Workforce!

Project Title	Help Us Highlight Our Diverse Workforce!
Project Summary	Design enticing infographics, logos, and other visual communications that tell the story of our diverse workforce.
Country	United States

Project Description

The Department of State has a unique workforce, consisting of over 75,000 employees serving in domestic and overseas operations. The Bureau of Human Resources' Diversity & Inclusion Unit works with many offices throughout the Department to educate employees on the importance of diversity and inclusion activities. Our mission is to retain a workforce that reflects the diversity of the United States and that creates environments in which all staff, regardless of the mechanism under which they are hired are able to contribute their best work.

As a member of our team, you will help us create visual communications, which may include: diversity statistics infographics, graphics for a new Diversity website portal, and one-pagers that describe our mission and initiatives. In addition, we would like to hear your thoughts on how to best communicate diversity and inclusion initiatives with a world-wide audience.
